or perhaps:

M 16

Lorey: "One shudders at the thought of creatures as
irrational as all pre-human primates are, using
a well-carpeted hand etc."

But find studies of Schaller, (Jovella), Goodall
(Kleinjunges), Harman's very different apes. Rt
these creatures "are amiable and quite unaggressive."

13 Lorey: phylogenetically programmed aggression (253)
