

Lathrop 23, 24-25-26-27 -
1500 A.D. ~~not primitive~~, 29!
Amazon river + its trib. disrupted early by slave
raiding.
Amahuaca - intermarrying - hunters + food gatherers
no access to river because of Omagua - enemies -
attacked with big spears. took slaves made
sacrifice to gods + cannibals - other tribes sold captives to white
probably tells nothing of pre-neolithic hunting
29.

Cattle - abundance - villages of 1000 - Social stratification, hereditary slaves, marked mobility, elaborate ceremonies, great art styles
1888-64-66

60. Seizing slaves 64-65

350 - Sevi-Strauss
351

A 50

341 Hunter not aggressive.

254-5-60 E. Africa - no positive evidence of aggression
among human hunters

293. Evolution of hunting

333/4 Warfare & hunters.

85. Pallin - original hunters are affluent (desiring little) vs. Lee p. 31

86 Anthropologists look at hunter from capitalist standpoint.
Hunters seem neither bourgeois nor anti-bourgeois. They are more leisurely
no avarice

889 no anxiety; confidence is for will come.

90. Happiness results from homeostasis rather than specifically hunting

91 tremendous stability (many Pleistocene hunting)

91 abandonment / H sick - due to lack of cancer - not econ. reasons.

91 Turnbull: pigment fight a lot - but without malice - very emotional
lack of skill craft - stories

93 meat more useful in cold than in warm climate

94. One practice supported aged - ~~still~~ perhaps more characteristic of P. hunter

53 Haz. dat = hunting not coordinated activity

94 why? galleries not work there?

1. 2-3 days with enough for adequate diet.

3. Hunting life not nasty - scarce. Ok 60-70% of diet = game
