

(89) File 16 - r

Robert Ardrey, The Territorial Imperative.  
Atheneum, New York, 1967

L28

3. In most territorial societies defense only against fellow members.

4. challenger is rarely rejected

29/30.

A. Mead; A. Montagu (The Humanization of Man). "The Code is not inherent in human nature, it is learned... Aggression is taught, as are all forms of violence that human beings exhibit."

54. B. Altman (1968) first to say, that <sup>male</sup> birds pay for the possession of land, not of females, to ward off intruders.

60 Darwin thought that male birds compete for females.

69. Seeking for status as important as defense of territory,  
"an inward pressure to achieve dominance over one's social partners." Among the holding of territory, he defend their social status he have achieved; by challenging one neighbor, he attempt to better ourselves.

Adriaan Kortlandt, Aspects or Prospects of the Concept of Instincts.

93 C. R. Carpenter : Unlike any other ape or like for monkeys, the gibbon lives in a single family group, paired or a territory usually for life.
