Aren't you Romeo? And aren't you a Montague?

I am neither of those things if you dislike them.

Tell me, how did you get in here? And why did you come? The orchard walls are high, and it's hard to climb over them. If any of my relatives find you here they'll kill you because of who you are.

I flew over these walls with the light wings of love. Stone walls can't keep love out. Whatever a man in love can possibly do, his love will make him try to do it. Therefore your relatives are no obstacle.

If they see you, they'll murder you

#### What's next?

### What's next?

- Elections for the Berlin Senate
- Staff resources must be provided
- School librarians must be trained appropriately: librarian, teacher, educator, media expert
- Consistent standards for school libraries must be implemented
- Digitalisation of teaching materials as challenge and opportunity
