> 1.5 M items
23 000 patrons

Lyon 3
University:
360 000 items
29 000 patrons
130 000 loans

Lyon 2
University

Nice Côte
d'Azur
University

Rennes 1
University

Why Koha?

For early adopters: opensource !!

- Community leading
- Source code open: ability to develop a new module
- Political choice during merging process

Why Koha?

For new comers:

Community strength

Providers and association

Evolutive (2 releases/y)

SUDOC module

Easy to adopt

Why Koha?

“We would like a software thought for users and supported by a community of librarians: ergonomic, evolutive and dynamic”

“Easy to use for colleagues and needing few initial or continuous trainings”

The future is going on

For ABES:

- Stop CBS and winIBW
- Complete change of their IT system
- Work group with user groups, including KohaLa
- Call for tender in 2025

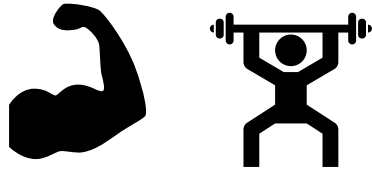

The future is going on

For Koha:

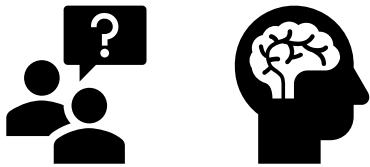

- Enhancements (ERM, ...)
- New communication tools
- A foundation in OLF (Open Library Foundation)?

Strength and challenges

- French providers and user groups
- KohaLa is a partner of ABES

- New bibliographic description
(how will ABES and Koha handle it?)

Thank you !!
