

INFORMATION LITERACY IN SWEDEN

Malin Utter

THE SWEDISH SCHOOL OF LIBRARY
AND INFORMATION SCIENCE
UNIVERSITY OF BORÅS

HIGHER EDUCATION ACT (1992:1434)

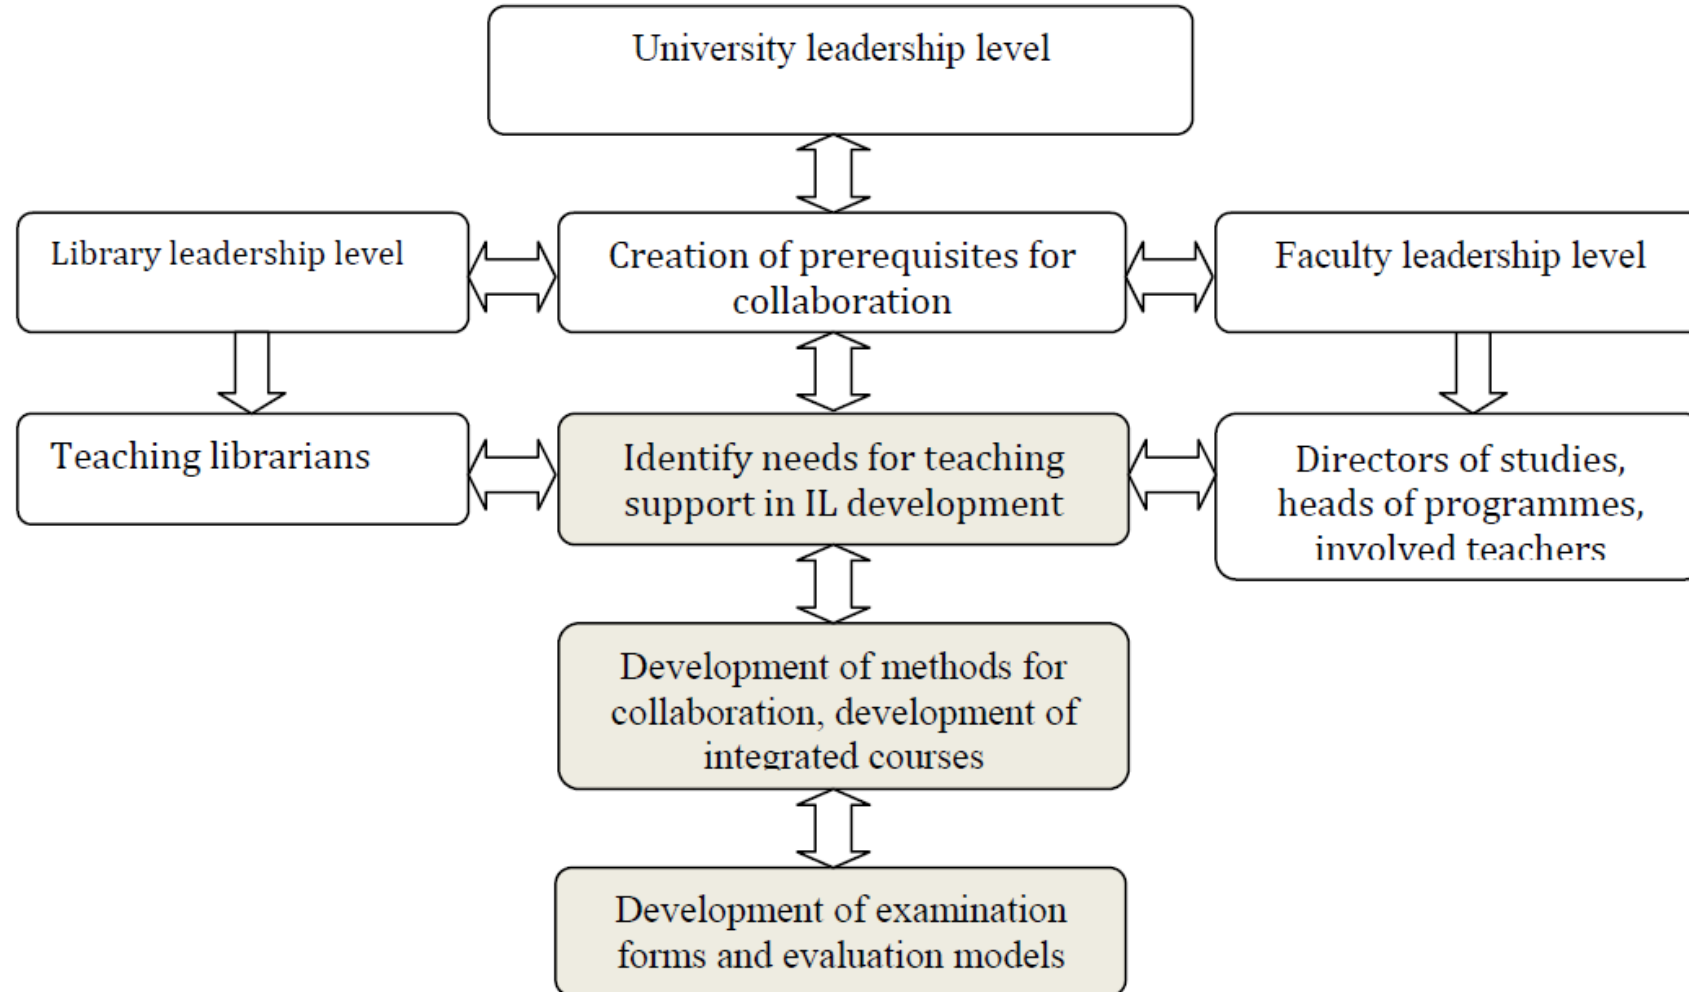

Education at undergraduate level will develop the students:

- Ability to make independent and critical decisions,
- Ability to independently identify, formulate and solve problems, and
- Preparedness to meet changes in working life

INFORMATION LITERACY IN SWEDEN

- The Association of Swedish Higher Education
- The Swedish Library Association
- SFIS (Svensk förening för informationspecialister)
- The Network for teaching Librarians at university libraries

The University of Borås' collaborative model for the development of student information literacy
