Welcome to Koha

Koha is the firm's library catalogue. It contains records of the firm's books, journals and other information resources. Koha is used in most Freshfields offices.

KOHA是我們公司最新的圖書館管理系統,它包含了公司內可搜索的中文資源,你可以在KOHA內搜尋中文書籍,期刊及其他相關資源。

Searching Koha

Search. To search Koha, enter 1-3 keywords in the search box above. You can combine title keywords, authors' names and subjects. Koha detects your office automatically. In the record screen, your office results will be on one tab and results from other offices on the next tab.

Searching for phrases. If you are looking for a specific phrase, especially phrases which may include an apostrophe, such as *l'affitto d'azienda*, change the Library Catalog value in the pulldown menu above to Title Phrase or Subject Phrase as required.

Authors' names with apostrophes. Some surnames include apostrophes (e.g., *D'Angelo*). To search for a name like this, change the Library Catalog value in the pulldown menu above to Author Phrase. This forces exact matches for surnames.

French and Italian speakers. If you are looking for a keyword which may have *l'* or *d'* before it in a sentence, put an asterisk before it in the search. For example, searching for **arbitrage* will find both *arbitrage* and *l'arbitrage*. If you are looking for a phrase that contains an apostrophe, such as *code de l'urbanisme* or *stato dell'arte*, use a phrase search as described above.

Complex searches. If you can't find what you're looking for, try Advanced Search (just under the search box above) or look for further help in the Help & Support section on the right.

Help & Support

Help. For help with using Koha, see document [LONBS10621751](#) on Desksite.

Questions. The Koha Systems Administration Group at Freshfields comprises library and information staff in various offices. If you have a question, please [send an email to the group](#) or find local contacts via the library wiki pages below.

Books in non-latin alphabets.

Japanese law Books: In case you need any assistance on Japanese law books in Tokyo's library please contact [Yuko Maruyama](#) and [Kaori Nasu](#).
