 **Add to Calendar**

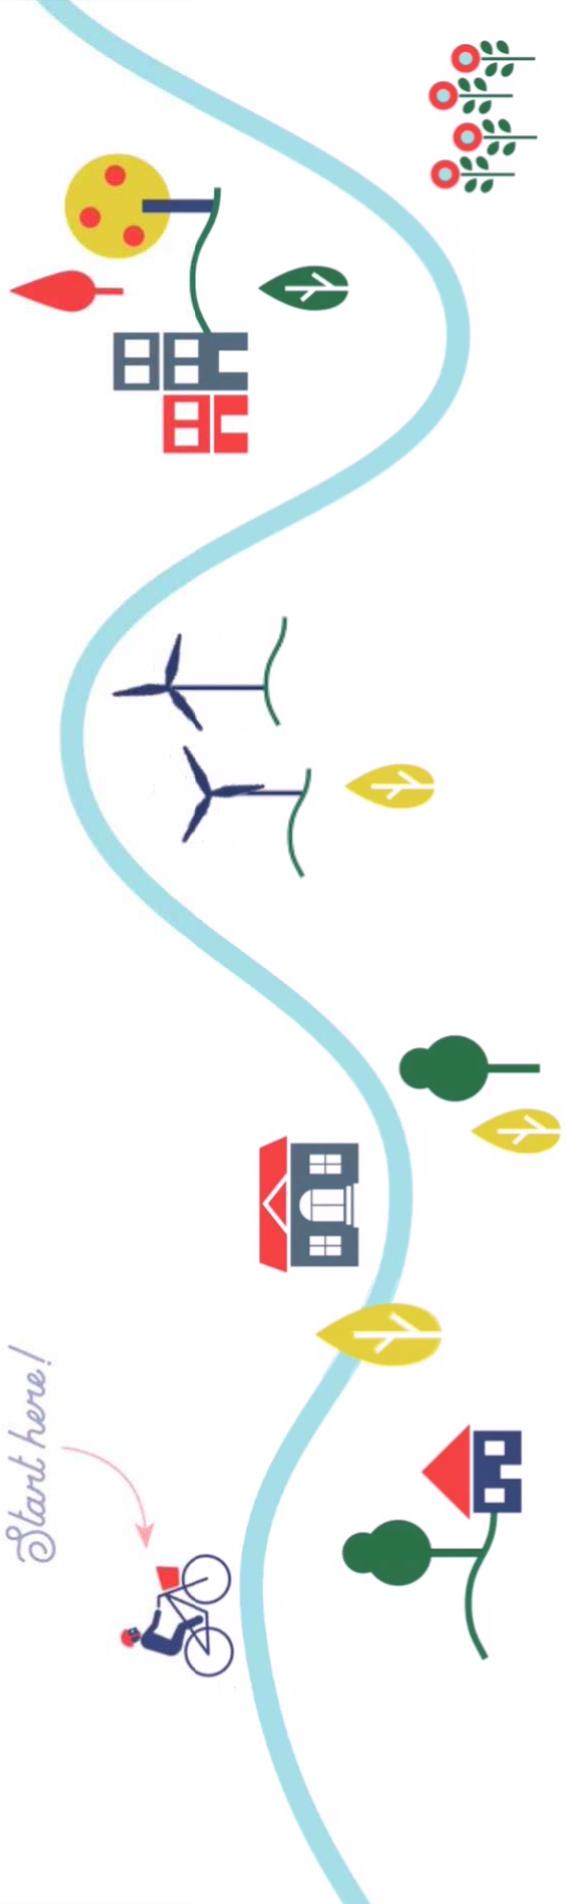

Join DC Public Library users and staff for coffee, conversation and sometimes even a craft on the second and fourth Wednesdays of each month.

Coffee & Conversation brings together users from all walks of life in informal conversation focused on relevant and engaging topics discussed over a cup of coffee. Through this exchange of ideas, Coffee & Conversation promotes the library as a place to meet your neighbors and focuses on what people have in common rather than their differences.

## Internet to Go WiFi Lending

### What is Internet to Go WiFi lending? ▾

You can borrow a [WiFi hotspot](#) or a [Google Chromebook Kit](#), which includes a WiFi hotspot and a Chromebook, from CPL through our Internet to Go program.

A WiFi hotspot is a device you can use to connect a mobile-enabled device, such as a laptop, smartphone or tablet, to the internet.

A Chromebook is a lightweight laptop that runs Google's Chrome operating system. It must be connected to the internet for you to access its features, which are all web-based. The WiFi hotspot connects the Chromebook to the internet.

The hotspot is portable, so you can connect your device almost wherever you are, like at home, on the bus or in the park.

The hotspot works in any area covered by the Sprint 3G or 4G LTE network.
